— Shine with a smile
HEUTE shoe shine machines —

In the best hands

3 year warranty

HEUTE shoe shine machines are sturdily built and fitted with high-torque motors.

This is how we ensure user safety and machine durability at the same time.

We at HEUTE work with devotion and pleasure on the product – from development through production to advice and service. So with your decision for a shoe shine machine by HEUTE, you are in the best hands.

Shoe shine machines from our company are distinguished by quality 'Made in Germany'. And in this we come equipped with the best tools of the trade: experience, expertise and a great devotion to the smallest detail.

Ellipse

The style-conscious head porter

Ellipse V2A

The round column in brushed stainless steel with bevelled oval cover has the look of a sculpture in expansive corridors, spacious reception areas and lobbies. Whether free-standing, in a corner or directly against the wall, this stylish shoe shine machines always cuts a fine figure. Offer service in its most beautiful shape.

- high-end property character
- cover area optionally available with high-quality leather finishing

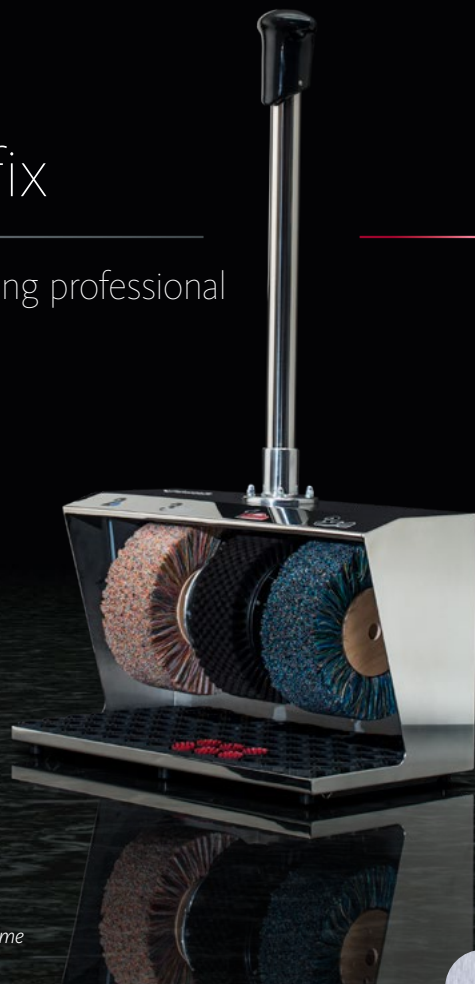

V2A, brushed

V2A, brushed with genuine leather finishing

Polifix

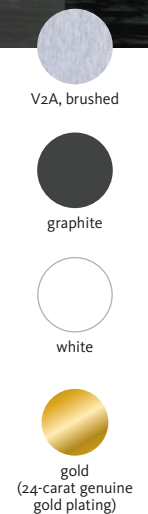

A dazzling professional

Polifix 2 chrome

When it comes to performance, this weighty ground-mounted machine plays in the top league. Just like the steel housing, the three rotating brushes with an impressive diameter are extremely robust in design and well-suited for continuous use in shopping centres or highly frequented hotels. Rely on a true star.

- with bar and plastic knob incl. push button
- option "plus": with foot sensor and bow handle in brushed stainless steel for added style

Elégance

Understated elegance

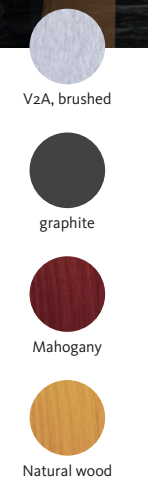

Elégance Nature plus light walnut

Whether lithe and lissom or short and compact, these house servants perform their work discreetly in the background. Depending on the version, it is available in steel or with real wood finish. Experience a perfect finish for shoes and interior design.

Elegance in two series:

- 36 cm height
- 86 cm height with the "plus" of an ergonomic handle

Cosmo

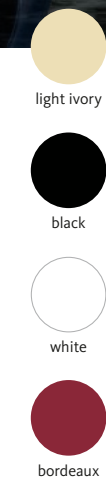

The perfect butler

Cosmo plus blue

The shoe shine machine with the ergonomic handle is simply indispensable in the office. When hustle and bustle threaten to throw things out of joint, it is there to offer a firm grip. Hold on, inhale, exhale – and everything is back on track. Treat yourself to some relief in your day-to-day business.

- option "plus": with bar for added comfort
- compact dimensions with high stability
